### Patient Questionnaire (Child/Young Person: under 17 years)

Whilst we are waiting for the child's/young person's full medical records from their last doctor, it would help us if you could take the time to complete this questionnaire so that care is transferred as seamlessly as possible.

- Please complete in **BLOCK CAPITALS** and tick relevant boxes.
- Please complete a separate form for each child/young person to be registered.
- Please bring in evidence of the child's/young person's immunisation record e.g. red book.
- When handing in please remember to bring photo ID & proof of address of registering adult and proof of ID for the child/young person e.g. birth certificate.

Do you have any special communication needs?  Yes  No

If yes:  Sign Language  Large Print  Other

## Data Sharing and Consent Choices

To maintain continuity of clinical care, we upload certain medical information so that it can be viewed by other healthcare organisations who are directly involved in your care, e.g. hospital Emergency Department. A summary care record (SCR) is an electronic summary of key health information and contains information about your medication, allergies and adverse reactions, and other information such as significant illnesses and health problems, operations and vaccinations. An SCR is automatically created for you, but you can express a preference about what information is included or you can choose not to have one. For more information, visit the

website: <https://digital.nhs.uk/services/summary-care-records-scr/summary-care-records-scr-information-for-patients> or speak to a member of staff at the surgery.

For more information about how the surgery handles your personal information, please visit our website and view our Privacy Policy. Alternatively, please speak to a member of staff at the surgery.
